## **Collect Value Divest: The Savvy Appraiser**

**Elizabeth Stewart Ph.D. : Collect Value Divest: The Savvy Appraiser** before purchasing it in order to gage whether or not it would be worth my time, and all praised [Collect Value Divest: The Savvy Appraiser](#):

2 of 2 people found the following review helpful. Making arts and antiques fun!By CustomerWhat an entertaining and informative book! Dr. Stewart's knowledge and humor shine through each page. I never thought I'd read an arts and antiques book that I wouldn't want to put down, AND would make me laugh. Each chapter has an engaging description of a particular interesting item, which is used to illustrate the tricks of the trade she wants the reader to know. I particularly enjoyed the chapters on couture and jewelry.This is a great book for a millennial (like me) who wants to learn about the things gathering dust in my parents' attic or the potential hidden treasures in my local thrift

store!0 of 0 people found the following review helpful. Stewart has an easy writing style at once conversational and slightly conspiratorial as ...By Daniel CaseyStewart has an easy writing style at once conversational and slightly conspiratorial as though shes letting you in on secrets. Overall, each case study reads like not like a sales pitch, boast, or novelty, but rather as genuine insight into the bare bones and brass tacks of the business of appraisal. Her books subheading What to Collect, How to Assess Value, When and Where to Sell is pragmatic and to the point yet Stewart is able to enliven the process without sensationalizing it.2 of 2 people found the following review helpful. A must have for any collector.By dabbsieArmed with wit, panache and a huge reservoir of knowledge, Dr. Elizabeth Stewart will guide you in assessing what your belongings are really worth. She is hip to the transitory nature of collectibles and trends. In this delightful book, she'll illustrate how your stuff- both grand and small- is an expression of you- and the real value of what it all means in sentiment, and dollars and cents.It should be required in every collectors' library.

Dr. Elizabeth Stewart, a seasoned appraiser, shares her secrets of the art and antique marketplace. Learn what appraisers dont want you to knowall the tools to assess value, beauty, provenance, and quality. These real-life cases and rich images instruct on all the Dos and Donts; how, what, and where to collect, the next big thing; clues to identification and worth; online tools for value; how to sell and what to donate; and what your kids do not want.
