## Collecting Golliwoggs: Teddy Bear's Best Friends (Schiffer Book for Collectors)

**Dee Hockenberry** : **Collecting Golliwoggs: Teddy Bear's Best Friends (Schiffer Book for Collectors)** before purchasing it in order to gage whether or not it would be worth my time, and all praised **Collecting Golliwoggs: Teddy Bear's Best Friends (Schiffer Book for Collectors)**:

5 of 6 people found the following review helpful. An avid doll maker's opinion.By J. R. JohnstonI bought this book for my wife, who makes Gollies in all sizes,and she was astounded to see the huge variety of them that have been produced throughout the ages since they were first introduced. For anyone who wants to collect ideas for making some, she recommends this book as perhaps the most comprehensive collection of golliwoggs there is.

The curious black-face rag doll called Golliwogg has delighted children and been a commercial icon in England for more than a century. In the 1980s, its popularity spread to America with the Teddy Bear phenomenon and it has

remained a cherished collectible ever since. In this first book about the adorable doll, Dee Hockenberry presents the origins and development of Golliwogg's popularity throughout the 20th century. Born, so to speak, in 1895 as a character in Florence Upton's books for children, Golliwogg is shown to have become Teddy Bear's best friend and a favorite of contemporary doll-makers. The book includes over 425 color photographs and descriptions of Golliwoggs, including those Robertson's Jams used as a mascot, those manufactured by Steiff, Dean's, Chad Valley, Canterbury, Pedigree, Merrythought, and Wendy Boston, and those made by countless unknown and prominent modern doll artists. Famous collections of Golliwoggs are featured and a few current artists and collectors add their own views on the subject. This book and its charming major character are sure to win the hearts of a whole new generation of enthusiasts. Current values appear with the captions.

About the AuthorDee Hockenberry has been collecting, researching, selling, and writing about collectible playthings for more than twenty years. She is on the staff of two Teddy Bear magazines and is the author of 15 books on doll-related subjects.
