I was born in the early 1930s so I didn't grow up with them, but I soon discovered them when I had children and began teaching Kindergarten. I've enjoyed studying their origin and impact a lot lately. I have always been a fan of Children's Literature.0 of 0 people found the following review helpful. A great resource for those hunting for Little Golden BooksBy Becky RegesterI was looking for a particular Little Golden Book, but as I can't remember the name of it, I thought this would help me. I enjoy looking at all the other books that my parents and I have collected over the years.0 of 0 people found the following review helpful. It has everything.By Diana MuhlenbruchThis has helped me a lot. It tells me everything I need to look for to know the value of my books and even more. Like the printings and different numbers of publications and all. Its a great book. Thanks so much for your help. Diana
