It is more of a large pocket guide, than a full sized book. It does have a lot of good information for new marble collectors inside. I do wish it had more unique pictures as the pictures seem to be repeated page after page. Overall this is a nice guide, but I think my mom will quickly outgrow it as she collects more.0 of 0 people found the following review helpful. A first-of-kind book on marble collecting for beginners interested in learning about how to identify and value old marbles.
