Valuable Collectors Guide For early SeriesBy Alex DunbarIf you are a Matchbox regular wheels collector, 1953 - 1969 series, then this is the book for you. Very clear pictures of both model and box variations from the early Lesney period. While a number of the very rare MB variations aren't present which is a shame e.g. red version of model 45 - A Vauxhall Victor (photo recently on eBay auction), this doesn't detract from its usefulness as an overall guide, hence the four star rating. Book was printed in 2001 so its price listing value is a little bit dated but this is due only to the passage of time which is to be expected - e.g. model 33 - C - 1 shown as being US\$400 - \$650 in this book but in his own Encyclopedia edition (2002) the same model variation is shown as shown

as being US\$250 - \$300. Just proves that as a collector you need a good range of MB guide books to help you and a little bit of wisdom experience.0 of 0 people found the following review helpful. Matchbox Collector's CatalogueBy Robert A. Smith. Jr. Being an old and avid Matchbox collector, I was very pleased to add this book about the older, rarer models that I started collecting at an early age. I had no idea how much models changed in aspect from one to the other; how a simple change in paint color could create a rare model with great value. This book is invaluable for any true Matchbox collector; a must have!!!

Matchbox vehicles, from cars and trucks to tractors and trailers, produced in series 1 through 75, from 1953 to 1969, are presented here in both detailed text listings and over 370 vivid color photographs. Variations of each vehicle manufactured are described, and many are shown. Various box styles used throughout this period are presented. Prices for the Matchbox vehicles and their variations are listed in this easy-to-use text.

About the AuthorCharlie Mack has been collecting and writing about Matchbox vehicles for over thirty years. He is head of the Matchbox U.S.A. Collectors Club and the founder of the Matchbox Museum in Durham, Connecticut.
