Wayne OsgoodeA very good identification guide -- not all-inclusive, mind you, but good; this IS NOT a current valid price guide, though. It's a handy reference to have but certainly not the only one; any collector or vendor knows it's prudent to have as many different guides as one can have, being especially crucial for cross-referencing. Margaret and Ken Whitmyer are well known and respected collectors who've authored a number of collector-type guides in select fields or arenas of collecting. They are dedicated to their tasks of compiling their works, and do a good job researching the material. So, if you're into collecting (or selling) vintage toy dishes, a 'should have'!
