## Collector's Guide to Antique Chocolate Molds with Values

**Wendy Mullen : Collector's Guide to Antique Chocolate Molds with Values** before purchasing it in order to gage whether or not it would be worth my time, and all praised Collector's Guide to Antique Chocolate Molds with Values:

1 of 1 people found the following review helpful. It's an AMAZING BOOK, about Antique Chocolate Molds, she writes Very Well.By MammyI Really Loved The Book, anyone that is a Collector of Antique Chocolate Molds will really Like her Book. You can tell she must be a Collector herself! I just Love those Old Molds and Collect them and her Book is very helpful, I wish I had Every Mold in the Book!!!0 of 0 people found the following review helpful. Great price!By totallyvictorianMuch nicer than expected. Fast shipping. Great price!6 of 6 people found the following review helpful. Beautiful Book - Full of History!By B. PorterI was thrilled when I was able to get an autographed copy of this wonderful book! I was even more excited when I opened it! It is FULL of gorgeous pictures of antique chocolate molds! It gives us a wonderful history of these treasures! It also includes beautiful photos of antique post cards and other special memorabilia from the past, that correlate with these special molds. It is an exquisite book! I

have shown it to others who have thoroughly enjoyed reading it, too! This book is a one-of-a-kind resource for valuing these wonderful pieces from the past! The author, Wendy Mullen, clearly went to great lengths to give us the information AND treat us to many extras! I am very impressed with this book and can't wait to see what else Ms. Mullen will give us!

Remember getting that chocolate bunny for Easter? It was probably mass-produced in a factory, but during the late 19th and early 20th centuries, intricately detailed chocolate molds were used to create everything from common rabbits to clowns and children. Many even mirrored our nation's history as chocolate molds were created in such recognizable shapes as trains, dirigibles and political figures. From candy shops at the turn of the last century to today's antique shops, these highly detailed molds are becoming increasingly popular as collector's items. With over 250 color photos and illustrations, the beautiful and rare chocolate molds pictured in this book will be invaluable for identifying and valuing your own collection. It may well start many new enthusiasts on the road to an exciting chocolate mold collection. This book will guide you through the early history of chocolate makers and delve into the most popular manufacturers of chocolate molds such as Anton Reiche as well as the lesser known American master Eppelsheimer Company. It also gives today's market values for antique chocolate molds. Whether you're an expert collector or a novice, this book is a definite must have for your library.
