Collector's Guide to Barbie Doll Paper Dolls: Identification Values

Lorraine Mieszala : Collector's Guide to Barbie Doll Paper Dolls: Identification Values before purchasing it in order to gage whether or not it would be worth my time, and all praised Collector's Guide to Barbie Doll Paper Dolls: Identification Values:

0 of 0 people found the following review helpful. InformativeBy Margaret Joyce KiddThis is a good book, but it could have used a few more photos. It covered all paperdolls up till publication.2 of 2 people found the following review helpful. For booklet collectors onlyBy rubytonicI was hoping to find a comprehensive identification guide to Barbie-specific paper dolls. Although this book presents each of its entries in great detail, it only covers the Barbie paper doll booklets. None of the boxed Barbie and family paper dolls are identified. The author plainly states this in the introduction; however I purchased this book online, and there was no way to understand the book's limited scope beforehand. So, while I appreciated the numerous color pictures and info, I'm still looking for a truly comprehensive and more current identification and value guide.

Collector's Guide to Barbie Doll Paper Dolls. Identification Values.
