Collector's Guide To Cookbooks: Identification Values (Collector Books)

Frank Daniels : Collector's Guide To Cookbooks: Identification Values (Collector Books) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Collector's Guide To Cookbooks: Identification Values (Collector Books):

0 of 0 people found the following review helpful. Fun book with great pictures.By KMRFun to read and look at the pictures. Will be passing it onto my mom so she can search her house for her copies of the cookbooks/booklets listed.0 of 0 people found the following review helpful. 3starsBy Sandra GundlachThis was not as good as the one that was published a few years ago. It was poorly organized and not easy to use as well as not covering many collectible cook books or cook booklet.0 of 0 people found the following review helpful. good buyBy EyemnkogneetoThe book was in Good shape. I'm pleased the description was accurate.

Check out Collector Books' brand new guide to cookbooks. Over 600 color photographs and 2,000 listings of cookbooks are presented, along with title, publisher, date, availability, and current collector value. The book is organized chronologically and a handy index is provided -- so if you know either the date or the name of the cookbook, you'll be able to find it easily. The Culinary Institute of Chicago, General Mills (Betty Crocker), Pillsbury, and many other major companies are featured, from 1880 to the 1980s. A scarcity index is provided, indicating the relative difficulty in locating a particular item. General as well as regional volumes are included. Collector's Guide to Cookbooks needs to be on your bookshelf! 2005 values.
