The photos are wonderful and yes it brought back memories. So helpful to know the names and manufacturers of all the dolls I had and want again. There were the Dolly Darlings, which I thought were early Kiddles! And Miss Clairol/Misty whom I thought was Tressy! The Pee Wees, too, and why could I not have had MORE of these dolls??? Parents of the 1960s used to limit their kids' toys for fear of the being "spoiled" and forcing them to "give away" their toys to "needy kids" and I bet they never went to kids at

all, just resold by stores! Useful for shopping for older dolls, and informative for vintage toy dealers. My apologies to the lady I spoke to in 1993, who spent hours on the phone with me, finding the Misty/Miss Clairol doll, and I told her not to try to find me one, because I thought it would be too expensive, but thanks to Cindy I bought 2 on ebay.

Edited-- I have now bought a couple dozen Mistys, thanks Cindy, now I ought to buy another of her books. 0 of 0 people found the following review helpful. Doll Book By Marianne Galloway I found the book to be wonderful. Found Vol. 11 in Books A Million in Jonesboro, AR. Looking for book 1. Called the publisher, they did not have it. Your sight came up when I clicked on it, you had the book. I was delighted. The book has dolls I have, and been looking for. I have Madam Alexander's Puddin and Pussycat Dolls that are in the book. I was just thrilled. Hope she prints more. Have more dolls by Madam Alexander that I need to know the type of clothing they originally had on. Valued is okay, the dolls are priceless to me. Thank You again. Marianne 0 of 0 people found the following review helpful. Good By
