Combat Handguns (Greenhill Military Manuals)

Leroy Thompson : Combat Handguns (Greenhill Military Manuals) before purchasing it in order to gage whether or not it would be worth my time, and all praised Combat Handguns (Greenhill Military Manuals):

1 of 1 people found the following review helpful. combat handgunsBy duloviThis is one of series of books on arms. Simple and accurate data on various combat handguns. Very useful information. More detailed information can be found elsewhere. Nice little book for basic information.

This compact reference guide, by respected expert Leroy Thompson, provides descriptions, technical specifications and illustrations of the world's leading handguns in use and in service today. A wide range of combat handguns is in use around the world, constantly developing to give greater accuracy and reliability. Leroy Thompson, who has used and tested countless models and variants, shows how gun design has benefited from new and innovative ideas to reach an astounding level of technical excellence. In this authoritative guide Thompson analyses strengths and weaknesses and provides data for each weapon on calibre, operation, overall length, weight, barrel, magazine and muzzle velocity.

Combat Handguns covers weapons from Germany, Russia, Switzerland, the USA, South Africa and China.

About the AuthorLeroy Thompson served in Vietnam and has spent many years teaching and training military and civilian forces on weapon-handling and armament instruction. He is also a noted author and his works include Combat Shotguns (1853675156), The Hostage Rescue Manual (1853674729), and The Bodyguard Manual (1853675296).
