## **Combat Skills of the Soldier FM 21 75**

**Dept Of The Army : Combat Skills of the Soldier FM 21 75** before purchasing it in order to gage whether or not it would be worth my time, and all praised **Combat Skills of the Soldier FM 21 75**:

1 of 1 people found the following review helpful. AwesomeBy CodyThe packaging was great and the shipping was fast. The manual is in perfect condition and really informative. A must have for any library.0 of 0 people found the following review helpful. A Must Have To Learn Basic SkillsBy AmericanI highly recommend this manual to anyone wanting to learn basic military skills. It was written 30 years ago but the tactical info is just as relevant today as during the cold war. The communications equipment and weapons mentioned have largely been replaced but you can easily substitute modern models into the material as you read it and consider it. I have not found too many other manuals that covered urban warfare as good as this one does. It is 1 of the 3 manuals I recommend to people wanting to learn basic military skills. The material will not make you a Special Forces operator or a super mercenary but will give you a better understanding on how to stay alive in combat.

This manual is dedicated to the soldier, to be successful in the field.
