Compo Dolls II: 1909-1928 Identification and Price Guide, (Volume 2)...By Pamela LMy composition doll collection is expanding. By using this book to identify and establish value before purchasing, I've been able to determine if the asking price is within reason. It has also helped me to recognize some unidentified makers.

Compo Dolls II is a companion volume to Volume I, featuring the early prewar character dolls of 1909-1928. 302 photographs with 135 appearing in color, display difficult-to-identify dolls. Information is dedicated to the marks, characteristics and company stories of both the small and large manufacturers. Included is an identification section and up-to-date values.
