

mentions more unique barter items such as beads or knives which were also commonly used to acquire items. As a person that enjoys collecting money I found this book both interesting and fun as I learned about all of these different forms of barter items, some of which were still circulating while I've been alive and/or that are still in use today.+Good variety of items covered, from beads to weapons to candy+Great images, many of which so the item at it's actual size+Well written and easy to follow as well as the different items were organized well-A few of the items could have used a little more info on how or why they were prized as barter0 of 0 people found the following review helpful. Four StarsBy george couvalisVery good for a popular book. A little more scholarly detail would have been useful. The photographs are excellent.3 of 3 people found the following review helpful. Great reference material for all agesBy Claudia HalfpennyThis is a must have reference book if you are interested in coins and currency. The quality of the print is superb and the content is very colorful and dynamic. I would recommend this book for kids and adults, as it's very easy to read and it's comprehensive enough at the same time. Definitely a great value for my currency!!

"Fully illustrated, including many images from the collection of Charles J. Opitz.
