(Library ebook) Currier's Price Guide to American Artists at Auction: Current Price Ranges ....

## **Currier's Price Guide to American Artists at Auction: Current Price Ranges ....**

**William T. Currier : Currier's Price Guide to American Artists at Auction: Current Price Ranges ....** before purchasing it in order to gage whether or not it would be worth my time, and all praised Currier's Price Guide to American Artists at Auction: Current Price Ranges ....:

0 of 1 people found the following review helpful. Currier's Price Guide, 6th edBy Carol BiggsI am quite pleased with

this purchase and the seller. Book arrived in condition described and was well packaged. I made an excellent selection. 5 of 5 people found the following review helpful. Vague and Disappointing By Sue Ellen Gerrells I bought this book hoping it would give me some guidelines for evaluating art at auctions. The guidelines it gave were so vague and general that I learned nothing new. Most of the information in the book was common sense. The majority of the book was listings of artist's names with wide ranges of values, such as Thomas Kincaide \$400-\$5000. Nothing was mentioned about lithographs, serigraphs or other types of works. This book hasn't been helpful to me at all.

Price ranges on the original art of nearly 8,000 American artists at auction.
