As a child, the author played with all the popular fashion dolls of the time. However, Darci was the favorite as Darci was a woman on the go who had the freedom to do anything she wanted. When Simms started collecting current

fashion dolls several years ago, her love of Darci was remembered. Since buying her first Darci online many years ago, Simms has acquired a large Darci collection. She created the first web site for Darci, her friends, her fashions and her accessories in 1998 which is visted by Darci fans from around the world. Simms has written two Darci articles as well Doll Readers November 1999 Whatever Happened to Darci? and eBay Magazines June 2000 Shes Staying Alive.
