Delightful Cozy Couple in an Intriguing, Fast-paced MysteryBy Kindle CustomerDan and Rivka Sherman are back in Rosemary and Larry Milds latest cozy mystery. In their Annapolis, Maryland bookstore, the Shermans are quite happy visiting with patrons, participating in a writers group and spending time with family and friends. Unfortunately, they often find themselves unwittingly involved in

investigating murders. What is the couple supposed to do when the police don't seem to be getting the job done and one of their friends could be mistakenly sent to prison? Rivka finds an old book. A very, very old book. She feels it could be of major significance, so the couple has it appraised and find they are correct in assuming its value is high. The Menorat ha-maor, The Candlestick of Light is not only worth a lot of money, it has great significance in history. They take the book to Israel Finestein to have it restored. Unfortunately, he is brutally murdered and the book is missing. To

make matters worse, a dear friend of theirs has been arrested for the murder they both knew she would never commit. The clues wind in and out of the Jewish community, with more suspects than books in The Olde Victorian Bookstore the Shermans own. The police don't seem to be paying attention to the facts, and are content with the original person accused. Hopefully Dan and Rivka can unravel the mystery of the book that vanished as well as the identity of the killer before it is too late. I love this unlikely crime fighting duo. They are wily when on the hunt for clues, but sometimes Dan forgets to feed the bookstore cat. Rivka gets irritated with Dan but never for a minute doubts him or stops caring for him. They are the old couple that have been together through thick and thin and their loving relationship is obvious to the reader. The Milds have crafted these rich characters that develop more with each book. I liked them before and love them now like a couple of kooky next door neighbors. This third book in the series is fast paced and extremely interesting. The Milds have many other books, collections of short stories and a few written by just one of this dynamic duo. I have only read one of the others in this series, but plan to pick up the one I haven't read Death Goes Postal. The extra added bonus of this book is the background as to why it was written. Take time before diving into Death Steals a Holy Book to read the Preface. It is fascinating. Copyright 2016 Laura

Reluctant sleuths Dan and Rivka Sherman yearn for a tranquil life as owners of The Olde Victorian Bookstore in Annapolis, Maryland. But when they inherit a rare, ancient volume, they find themselves embroiled in a firestorm of deceit, thievery, and violence. Israel Finestein, renowned restorer of old books in Baltimore, has just finished his work on the Menorat ha-maor, The Candestick of Light. His life is brutally snuffed out and the book disappears. What makes this text so valuable that someone is compelled to kill for it? Two Baltimore detectives uncover a puzzling number of suspects. Is it the controversial woman whom Israel plans to marry? The rare book agent who overextended himself in the stock market? Israel's busybody cousins who resent his changed lifestyle? Or the wayward lad who thinks a gun is the way to big bucks?
