I now own a Spandau Armory 08/15 and its former owner recommended this as the "Maxim Bible". Well it is just that ... the starting point for any Maxim owner or enthusiast!0 of 0 people found the following review helpful. Loved it!By David MillerGreat book! Very informative with great detail on development and operation.2 of 2 people found the following review helpful. Superb resourceBy TankersteelI bought this after FINDING a Maxim MG in Afghanistan. It has been a huge asset in researching the history of the weapon. The depth of knowledge is matched with the effort to update each edition.
