Linen from flax seed to woven cloth

Linda Heinrich : Linen from flax seed to woven cloth before purchasing it in order to gage whether or not it would be worth my time, and all praised Linen from flax seed to woven cloth:

4 of 4 people found the following review helpful. Excellent Resource BookBy PhantomdachThis is an excellent resource book for any serious stitcher. Tells everything you ever wanted to know about our favorite fabric - linen. Well packed, arrived in great condition very quickly. It has made an excellent addition to my library of needlework resource material.0 of 0 people found the following review helpful. Excellent resource.By CustomerThorough treatment of subject. Excellent resource..0 of 0 people found the following review helpful. Four StarsBy Brad WrightA wealth of information!

Follow the saga of this remarkable fiber from seed to woven fabric. Learn about flax cultivation, processing and spinning, natural and synthetic dyeing, and weaving and finishing linen cloth. 233 color photos and 156 black and

white photos and drawings reveal the characteristics of linen and emphasize its practical use throughout history.

About the Author Linda Heinrich has a Master Weaver's Certificate from the Guild of Canadian Weavers. She has researched flax and linen throughout Britain and northern Europe, lectured, and taught weaving workshops in Canada and the United States. She and her husband live in Kelowna, British Columbia.
