Also, if you are going to use these as actual paper dolls, the heads are too heavy and need some doctoring.1 of 1 people found the following review helpful. Adorable and unique!By ammoranBeautiful collection of paper dolls. Hand-drawn, detailed, and unique artwork that my very girly 5 1/2 year old will love. As the previous reviewers mentioned, however, the pieces are extremely tiny and delicate, making it sometimes difficult to cut-out, especially for little fingers/hands. I don't hold mind the fact that these aren't perforated (although I think that the product description should state this); I will enjoy the time with my daughter cutting them out. Thinking about getting another one to give as a gift, along with a cute pair of kid scissors and a nice bag for storing the pieces :)0 of 0 people found the following review helpful. put, not punched out. Very thin book and not worth the money

Delight in the gothic charm of these dainty little dolls and their peculiar pets! Four wide-eyed little misses, cute in a creepy way, model a variety of colorful, old-fashioned frocks. Raven, Skye, Marigold, and Rosie echo the macabre appeal of the Addams Family and the drawings of Edward Gorey. Dress them in their ruffled outfits and send them to play with their saucer-eyed poodle, deer, and hedgehog.
