A standard reference book for new and experienced weavers.By

Julie W. SnyderThough Swedish in name, today's handweaver will find the information in this book fresh and relevant. This book is a translation of a weaving study course with "Miss Cyrus", a celebrated teacher and weaving designer in Sweden. Sweden is well known for its crisp weaving style and tapestry.This is a solid book of instruction, covering every aspect of hand loom weaving. It will remain a standard reference of its kind for years to come.Highly recommend for the beginning or experienced weaver.2 of 2 people found the following review helpful. A Master Class in Weaving with Ulla CyrusBy TheseusPublished by Charles Branford out of Boston in 1956, this is a comprehensive book on handweaving in general which draws on the Swedish handweaving tradition.Cloth over hardback boards with a sewn binding in dustjacket; 271 pp. Bw illustrations throughout: photographs of looms, photographs of finished cloth and of finished patterned pieces, charts, diagrams, weave composition patterns, technical drawings."American weavers have gone especially to Sweden in order to study with Miss Cyrus, a celebrated teacher and weaving designer in a country already distinguished for its wearing and tapestry.This volume sets forth the same material offered in Miss Cyrus' course of instruction -- and every step is made clear, every detail is illustrated, all possible errors pointed out. Here is a solid book of instruction, covering every aspect of hand loom weaving, a book which will remain a standard

reference of its kind for many years to come. Though Swedish in name, much of the weaving lessons in this book are universal. The craftsman will find it a ready handbook of information for the scores of problems arising on the loom.

A crisp and flawless translation has been provided by Viola Anderson, an American weaver with a background of training in Sweden."TABLE OF CONTENTS HIGHLIGHTS Weaving and Weaving Equipment Weave Construction and Art Weaves Analysis of Weaves Calculations of Set of Warp and Weft Yarn Calculations Special Weaving Equipment Glossary and Word List Index
