Marx Toys: Robots, Space, Comic, Disney TV Characters (Schiffer Book for Collectors)

Maxine A Pinsky : Marx Toys: Robots, Space, Comic, Disney TV Characters (Schiffer Book for Collectors) before purchasing it in order to gage whether or not it would be worth my time, and all praised Marx Toys: Robots, Space, Comic, Disney TV Characters (Schiffer Book for Collectors):

Wonderful toy robots, space ships, astronauts, and comic characters produced by the Louis Marx Company from the 1950s to the 1970s are described and shown in color and black and white photographs. Prices are included among the descriptions. The toys were produced in tin or plastic and include wind-ups, battery powered toys, hoppers, and ramp walkers which light up, make noises, or scramble erratically around the room. Interviews with artists employed by the

company add detail to this valuable text. This is an essential reference for anyone fascinated by toys.
