[E-BOOK] Mauzy's Kitchen Collectibles (Schiffer Book for Collectors)

Mauzy's Kitchen Collectibles (Schiffer Book for Collectors)

Barbara Mauzy : Mauzy's Kitchen Collectibles (Schiffer Book for Collectors) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mauzy's Kitchen Collectibles (Schiffer Book for Collectors):

0 of 0 people found the following review helpful. Very disappointed.By Susan M. MurphyVery disappointed. Too many of the same type of item (a dozen apple corers?) and not enough variety of other items.Also, most of the items pictured on the cover were not in the book.I was excited about this book but it's not really worth the cost.0 of 0 people found the following review helpful. Four StarsBy hulas100The book is good, but I couldn't find the items I was specifically looking for.

Kitchen gadgets have captured the interest of collectors everywhere. Here is a great new book that shows, identifies, and explains the uses of hundreds of vintage kitchen tools, including pie crimpers (remember those?), graters, sifters, scrapers, strainers, wisks, and so much more. Over 380 all-new, full color photographs feature kitchen collectibles from the 1920s-1950s. Each is described in a user-friendly format that includes manufacturer's information, dating, values, accurate measurements and more, along with vintage advertisements and catalogue pages. Topics include everything imaginable from beaters to whips, and every kitchen treasure in between. This is the perfect book for flea marketers, yard salers, and dealers who need to identify a vintage kitchen tool and recognize its value. When you want to know, "What is it and what is it worth?" this book is indispensable!

About the AuthorBarbara Mauzy lives with her family in Ephrata, Pennsylvania, and has been selling kitchen collectibles and Depression glass for almost ten years at Renninger's Antiques, Adamstown, Pennsylvania.
