I can't believe there isn't more that couldn't have been found to put inside!!! Come on!! I was all set to sit down and enjoy a great read and 10 minutes later I had read the entire book. What a let down! I have two pieces I'm sure could be put in the book! Next edition, give me a call. I think this book should have been a paperback edition and maybe even an addendum on the back of one of their Depression Glass books. I love the Mauzy's books and own all of their books. I have pre-ordered their newest one, but this was a big disappointment. Perhaps, they could have a contest for their readers to submit pieces to go in the book, then they would have a serious book. But, at basically 87 pages this book was not really worth the money, "in my book".0 of 0 people found the following review helpful. Five StarsBy Sue SmithThis book is easy to use with great photos and explanations. Use it all the time.3 of 3 people found the following review helpful. Mauzys rare depressionBy sleepytimebooksI Would like

to see Jim and Barbara produce more of these wonderful books. As collectors we love to check the guides. This book has beautiful pictures of rare pieces that we may never see or own, it's wonderful to see them in pictures. This book is highly recommended!

150 photographs highlight more than 220 noteworthy vintage glassware items, many thought to be unique. This book presents the rarest and most special Depression Glass pieces seen by these preeminent authors of the premier Depression Glass references. Some are scarce or have an unusual color or decoration. These pieces will fascinate and delight Depression Glass collectors. For ten years Mauzy's Depression Glass has been the most complete, authoritative, and popular book available on this collectible glass. In the course of working with scores of dealers and collectors the Mauzys have documented about fifty additional items with each new edition of their book, and some of these discoveries are featured here. This book provides an opportunity to view the best pieces that you may find in the marketplace. Dealers and collectors will appreciate its usefulness and it should become a treasured part of any glass library.

About the Author Barbara and Jim Mauzy are dealers, collectors, and enthusiasts of Depression Glass, Fire-King, Bakelite, and all things related to kitchens from the 1920s-1950s. They have been addicted to the field for about two decades, and are authors of numerous books for Schiffer Publishing.
