(Read and download) Mercedes-Benz (First Gear)

Mercedes-Benz (First Gear)

Dennis Adler : Mercedes-Benz (First Gear) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mercedes-Benz (First Gear):

0 of 0 people found the following review helpful. fantastic automobile background information By verena astrid abele the book offers excellent technical and historical background information about the brand Mercedes. I enjoyed reading it and looking at the various pictures. 1 of 1 people found the following review helpful. A Mercedes coffee table book if it were bigger. By James J. Meredith Mercedes-Benz gives a general overview of the history of these cars and the company. The book is logically laid out and is well illustrated, but many of the photos we have seen before in other Dennis Adler books. There is little depth to the text and many common models are omitted completely. It makes a fine pocket book with pretty pictures

One of the world's greatest automakers, Mercedes-Benz has been a leader in automotive design for more than a century. Its cars stand at the pinnacle of beauty, luxury, and technological innovation. In Mercedes-Benz, award-winning photographer and author Dennis Adler's premier Mercedes-Benz expert profiles the company's many

achievements from its earliest days to the present. Through concise and engaging text and lavish photos, all of the greatest Mercedes-Benz models are covered including the very first Benz Patent Motorwagen, the breathtakingly beautiful 540Ks of the 1930s, the unbeatable 300 SL Gullwing of the 1950s, and many more, right up to the present day. Filled with statistics and fascinating information, this book is a feast for any Mercedes-Benz fan, luxury car enthusiast, or automotive history buff. * Over 250 color photos * Over 50 cars and model lines covered * Equipment and production specs * Historic and technical information

About the Author Dennis Adler is an avid automotive enthusiast, writer, and photographer who has written several books including Packard, Chrysler, and Fifties Flashback: The American Car. He lives in Imler, Pennsylvania.
