Metal Detecting for the Beginner

Vince Migliore : Metal Detecting for the Beginner before purchasing it in order to gage whether or not it would be worth my time, and all praised Metal Detecting for the Beginner:

0 of 0 people found the following review helpful. perfect startBy Chupijust started my research for the hobby. now i have a lot better understanding of how to not waste money on things i didnt understand. will follow books advise and make this hobby, hopefully a fun one. good and simple read. just basics and just enough more to help you understand. im in my 30s and hard working, not a retiree looking for a new hobby, hopefully this review helps you.0 of 0 people found the following review helpful. Five StarsBy DSproduct was as described, arrived on time. Would buy again and

from same vendor.0 of 0 people found the following review helpful. Read before you buy a metal detectorBy dlwThis is a very beginner book but that is what the title says. I was hoping for a little more advanced information. I'm using a cheap detector and will now be upgrading to a better unit after reading this book. I can't say I learned that much from the book except for how these metal detectors work and what models work best for different situations. That made the book worth buying.

"Metal Detecting for the Beginner" is a how-to guide for anyone interested in the sport of metal detecting. Get a feel for a typical hunt; learn key terminology, and how to buy your first detector. This book guides you through the technical concepts you will need to make intelligent choices on the equipment you buy. It includes an ample list of manufacturers, suppliers, and online resources. Welcome to the wonderful world of metal detecting! Expanded 2nd edition now available.

About the AuthorVince Migliore is a researcher and technical writer with a keen interest in metal detecting. He's written for numerous magazines, including WE Treasures and is former editor of a hobbyist newsletter. "I bought a detector back in 1982, and in the first 5 minutes I found an Indian Head penny dated 1881 - right in my own front yard! Since then I've been hooked." You'll be hooked too, when you see how great this sport is for your physical fitness, your appreciation of natural science, and most of all for the wealth of treasures you can find. Learn the key concepts of metal detecting in Chapter 3: How to buy a metal detector.
