Not what I expected.By A CustomerProvides pricing guidelines on specific items, but not very applicable to other metalware. I collect pewter mugs and steins, and found the publication of no help in this area.9 of 10 people found the following review helpful. A terrific reference for my metalware collectibles.By A CustomerI found everything I needed in the 19 categories included -- iron, zinc, aluminum, all with prices and helpful collecting tips. Not many of these books around. This is a good one!

This book in great reading condition. Name and address on inside front cover. No other markings of any kind. Light shelf wear to the edges and spine. We ship fast from Texas and guarantee all our products.
