Miller's Encyclopedia of World Silver Marks

Judith Miller : Miller's Encyclopedia of World Silver Marks before purchasing it in order to gage whether or not it would be worth my time, and all praised Miller's Encyclopedia of World Silver Marks:

Designed as the essential reference tool for appraisers, collectors and dealers of silverware, the Encyclopedia is an indispensable guide for anyone researching silver hallmarks, offering clear and wide-ranging reproductions of thousands of hallmarks from more than 60 countries and regions, past and present, on every continent. It is also clearly and logically organized into two volumes for ease of reference: in the first volume are hallmarks listed by visual type and category, fully cross-referenced to information in the second volume on country of origin (in order of importance), centre of assaying or making, date and silver standard marks, special marks such as import/export marks, and selected maker's marks.
