**Joan Jones : Minton: The First Two Hundred Years of Design Production (Shire Albums)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Minton: The First Two Hundred Years of Design Production (Shire Albums):

6 of 6 people found the following review helpful. A pamphlet in a book's covering By Kay Hepworth At just 32 pages, I would not call this a book. I go further and call it dishonest, because the very title 'The First Two Hundred Years' leads one to think it's going to be a full and satisfying read: Prepare for disappointment! The front cover shows an enticing colour photograph, - but all the images within are black and white, and some are grainy and low quality. As a cursory

introduction to Minton, I guess it will suffice: But don't expect to learn anything 'deep and meaningful' about the Company's wares.
