**Guus De Vries : MKB42, MP43, MP44 and the Sturmgewehr 44 (The Propaganda Photo Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised MKB42, MP43, MP44 and the Sturmgewehr 44 (The Propaganda Photo Series):

1 of 1 people found the following review helpful. Good But Not the BestBy Robert W HickmanThis book is OK but not as good as a reference book as "Sturmgewehr" by Hans-Dieter Handrich. Some good photos but not as deep in reference information.1 of 1 people found the following review helpful. MP44By OloAn excellent book with a wealth of information about the history of these progenitors of all the world's Assault Rifles.1 of 1 people found the following review helpful. If you want a book on MP43 this is the one to!!By Laurie K. GlancyMy husband loves this book. He thought he would need to pay over \$300.00 for a different book to get the information he was looking for. This book was very informative. Perfect book. History and numbers.

The Sturmgewehr is the mother of all assault rifles and a major step in the development of the modern firearm. It combined low production costs with special ammunition, resulting in a cheap but a very effective full-automatic rifle. Fortunately, development and adoption was delayed by Hitler's objections, thus limiting the amount of guns that actually reached the front.

About the AuthorGuus de Vries is a historian, specialising in the field of firearms. Thus far, he has written fifteen

books on firearms history, mostly together with Bas Martens, and numerous articles for magazines in Belgium, Germany, Finland, the Netherlands, Russia, the United Kingdom and the U.S.A.
