Modern Law Enforcement Weapons Tactics: A Complete Look at Firearms Training Methods and Law Enforcement Gear

Patrick Sweeney : Modern Law Enforcement Weapons Tactics: A Complete Look at Firearms Training Methods and Law Enforcement Gear before purchasing it in order to gage whether or not it would be worth my time, and all praised Modern Law Enforcement Weapons Tactics: A Complete Look at Firearms Training Methods and Law Enforcement Gear:

1 of 2 people found the following review helpful. Sweeney is a good writer and knows a LOT about firearms and gun ...By Tom in CASweeney is a good writer and knows a LOT about firearms and gun smithing. His AR series is the best you could imagine. This book is well organized and well written but its old (today is 2014 as I write this) so AR's in the book are just getting "rails" weapons lights are big goofy looking things that run on c cells and you sometimes have to tape them to your rifle. A a well written book with a lot of knowledge, , but a lot has happened in 15 years.1 of

2 people found the following review helpful. Informative and insightful. By cage1999 This book did a great job covering all areas of law enforcement new and old. I really wish the pictures were in color and that by far is the largest drawback. I would recommend this book to anyone with interest in law enforcement weapons. The tactics side of the book was lacking in information and this didn't really surprise me that much. 1 of 2 people found the following review helpful. This book sucks.. Don't waste your money By gsdwendy34 This book sucks.. Don't waste your money.... Way outdated, and is just a cut and paste, from a bunch of old articles... If I could give it a minus 5 stars, I would... Just a waste...

Law enforcement professionals and police profession enthusiasts get the first-degree facts on the weapons, equipment and tactics used by law enforcement officials. Top gunsmith Patrick Sweeney focuses primarily on special situation weapons and equipment, with reviews of ten of the top law enforcement firearms - everything from the AR-15 to the Smith Wesson M-99. From a brief history of SWAT, special weapons and tactical teams specifically trained and equipped to combat high-risk situations, to information on knives and ammunition, *Modern Law Enforcement Weapons* provides readers exclusive coverage of current equipment and tactical trends in the police profession.
