(Read ebook) Modern Shot Guns (Classic Reprint)

## **Modern Shot Guns (Classic Reprint)**

**William Wellington Greener : Modern Shot Guns (Classic Reprint)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Modern Shot Guns (Classic Reprint):

Author has endeavoured to give such information as is constantly demanded of gun makers by shooting men. Notwithstanding the number of published books written by sportsmen for sportsmen, there is much information indispensable to those who use guns, which the gunmaker only can impart. MODERN SHOT GUNS is not intended to be a sportsmans encyclopaedia, it is not a compound of gunmakers circulars, nor does it exhibit those conflicting

opinions and diverse conclusions found in recent books on the same subject such books having been written with the collaboration of various persons more or less interested in the subjects treated. These books do not enable the sportsman to arrive at any definite conclusion with respect to the merits or demerits of any mechanism, and merely beat about the bush with respect to the more important technicalities of gunnery. The columns devoted to shooting in the sporting newspapers teem with flippant nonsense concerning the facts of gunmaking, and although it is apparent that newspapers derive benefit by keeping subjects perpetually open, by so doing they propagate ignorance amongst their readers, and do but bewilder those they pretend to lead. (Typographical errors above are due to OCR software and don't occur in the book.)
