NASCAR Diecast and Model Cars (Nostalgic Treasures)

Bill Coulter : NASCAR Diecast and Model Cars (Nostalgic Treasures) before purchasing it in order to gauge whether or not it would be worth my time, and all praised NASCAR Diecast and Model Cars (Nostalgic Treasures):

This book has very little information on the value of nascar diecast and it doesn't have pictures to correspond with the item description. It lists the cars by team rather than just by driver so it has maybe 10-15 max car models per TEAM. If you are into Nascar collectibles you know there are lots more than just 10-15 per team. This book leaves a lot to be desired.7 of 8 people found the following review helpful. Also disappointedBy Robert HatchI agree that this book has very little to offer someone who is interested in diecast collecting and diecast values. The book contains some interesting photos and NASCAR history, but mostly sizzle with very little steak. Save your money.7 of 9 people found the following review helpful. This book was WEAK!By The FanI did much better finding things on[...]

Like any multibillion-dollar entertainment venture, NASCAR provides plenty of licensed ephemera with which fans can express their loyalty to favorite drivers and teams. This must-have volume for NASCAR fans and collectors features all the diecast models, plastic-model kits, Hot Wheels, Matchbox cars, transporters and other NASCAR models that have been available to fans over the course of the last 20 years. All examples are arranged by driver and most are illustrated with a color photograph and accompanied by brief descriptions providing dates of manufacture. Appendices include a value guide to the items featured, as well as team and driver information.
