Great discussion of navaho weaving historyBy ProjAnalystGreat discussion of navaho weaving history. Had hoped for more practical information for my wife's loom weaving but didn't find a lot of that kind of information.1 of 1 people found the following review helpful. Excellent ResourceBy Larry N. KilbornAlthough many years old, this is still an excellent resource on Navajo weaving.

First in-depth study of the technical aspects of Navaho weaving, plus history of the loom and its prototypes in the prehistoric Southwest, analysis and description of weaves, dyes, and more. Over 230 illustrations, including more than 100 excellent photographs of authentically dated blankets. Indispensable resource for collectors, weavers, ethnologists, more.
