(Free read ebook) New Successful Coin Hunting

## **New Successful Coin Hunting**

**Charles L Garrett : New Successful Coin Hunting** before purchasing it in order to gage whether or not it would be worth my time, and all praised New Successful Coin Hunting:

0 of 0 people found the following review helpful. Great gift for my brother who is an avid metal ...By IndigoGreat gift for my brother who is an avid metal detector fan! We read the book and got even more excited about finding treasure! Gives great pointers for locations and tips on equipment. Also gives the dos and don'ts of metal detecting and even

points on digging up your finds! Great for beginners and experienced as well!2 of 2 people found the following review helpful. Well written classicBy Jon AlmadaThis is a timeless book, despite the references to older metal detectors, the author does a great job of introducing techniques, ideas and principles of metal detection that will stand the test of time. Some other reviewers complain that this book is a big Garrett commercial. I disagree. Yes, there is some reference to Garrett detectors, but Mr. Garrett does a great job of presenting the elements of metal detection that work no matter what gear you are using. What I like is the communication of real and relevant methods that make this book a real gem and a reference that will be repeatedly read over the years of metal detection of the dedicated detectorist.A 5-rating all the way. Great book and well worth the price.0 of 0 people found the following review helpful. Five StarsBy Kevin Van Volkenburggood read!

Revised--includes information on computerized detectors. A fortune in coins awaits today's modern metal detectors. A generation of coin hunters learned their skills from Charles Garrett. Now, he shares more knowledge gained from finding coins with metal detectors all over the world. The Grand Master Hunter himself presents this totally new guidebook for every coin hunter...veteran or novice. No matter what you know about hunting coins with a metal detector, this treasure hunting text will help you: \*\*learn new, modern ways to find coins; \*\*discover where coins are waiting; \*\*locate gold coins; and \*\*find more coins with less effort.
