Not Just Another Slot Machine Strategy System: How to Win at Slot Machines

Greg Elder : Not Just Another Slot Machine Strategy System: How to Win at Slot Machines before purchasing it in order to gage whether or not it would be worth my time, and all praised Not Just Another Slot Machine Strategy System: How to Win at Slot Machines:

10 of 10 people found the following review helpful. Easy BetBy LindsayAs the book says, there is no top secret trick that allows you to unlock a slot machine. But "Not Just Another Slot MachineStrategy System" does give you tips on how to get an upper hand. This book helps to break down the differences between class Iand class II slots, as well as

payoff percentages and how to read paytables. What is most important is how it teaches you to walk away. It may seem obvious at first, but casinos are designed to make you lose any shred of common sense. The best weapon a gambler can have is knowing when to walk away. Simple tips like only allowing yourself a set amount of money and time to play, allow gambling to be fun. Not an exercise in burning money. I would recommend this book to anyone who is new to slots, or needs a refresher on how to play smart. For less than one hand of blackjack, you can learn some valuable tips! 10 of 10 people found the following review helpful. Worth buying - Solid strategy By Gant This is really a simple, common sense strategy for slots but it's so well laid out that I'm glad I purchased it. I went to Vegas with this and ended up playing on my initial \$100 for the four days we were there. Granted, it won't always be like that but with the tips in this book I know how to handle my winnings and when to walk away. 7 of 7 people found the following review helpful. Positive By J. D. Laurin Very interesting to read about the author's way of playing. Some helpful hints included. Can't wait to try them out for real.

Are you tired of searching for the hidden "secret" to winning millions of dollars on slot machines? Are you tired of being lied to about a "system" that guarantees you will win money every time you play slot machines? Well I am, so I decided to put the truth out. The bad news is there is no "secret system" that exists where you can beat the casinos playing slot machines. The good news is there is a system (for some reason people love the word "system" when it comes to gambling methods, so I'll stick with it), where you can leave the casino with money in your pocket, and not have that empty hollow feeling inside because you just lost more money than you can afford to lose. This is where I come in. With the system I've developed, you can still play slot machines and have a good time, but using these methods, you're more than likely going to come home with some money.

About the Author Greg Elder is a full-time gambling author whose feature book, Gamblers Fight Back which is about his journey as a professional gambler, is soon to be released. Several years ago, after walking out of a job that he took for all the wrong reasons, Greg was determined to find a job that he was passionate about. He spent the next year, 12-15 hours a day, researching and practicing advantage gambling. He used that knowledge and expertise to make a living in the casino. His journey was filled with highs and lows, but the best part was each day he was excited to get out of day and get to work. That was the true success of his journey. It revitalized his professional life. During his life as a pro gambler he discovered a passion he never knew he had, writing. A former certified teacher, Greg has used his teaching ability and new love for writing to pursue his current mission. His current mission is to try and educate the average gambler, so that they stop giving their money to the casino and actually have a fighting chance. Ultimately, he wants to teach gamblers how they can actually put the odds in their favor and become winning gamblers. He has seven other gambling books/ e-books available on several of which are best-sellers in their category. Greg currently resides in North Carolina with his wife and his little pride and joy, his 7-year-old daughter.
