[Library ebook] The Great Book of Guns: An Illustrated History of Military, Sporting, and Antique Firearms

## **The Great Book of Guns: An Illustrated History of Military, Sporting, and Antique Firearms**

**Chris McNab : The Great Book of Guns: An Illustrated History of Military, Sporting, and Antique Firearms** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Great Book of Guns: An Illustrated History of Military, Sporting, and Antique Firearms:

1 of 1 people found the following review helpful. Great Read and Look!By JoeBoy5471This is an excellent book/atlas about firearms, their history throughout time and their relative use. Anyone who is into guns or shooting sports or both would love to have a copy of this book.0 of 0 people found the following review helpful. Five StarsBy L. RichOn my coffee table0 of 0 people found the following review helpful. Five StarsBy JamesProduct received as described

From the invention of gunpowder more than 1,000 years ago in China to the latest Metal Storm firing system with electronic ignition, *The Great Book of Guns* presents a historical approach to the development of firearms and their place in world events. In chapters on Pistols and Revolvers, Rifles and Shotguns, Submachine Guns, and Heavy Machine Guns, individual weapons are featured in chronological order. Each entry is superbly illustrated with color photography and has detailed specifications and individual descriptions of the gun and its historical context. With an extensive index, up-to-date glossary of technical terms, and historical timeline of firearms, it's easy to chart the history and development of firearms with this superb treatment of more than 1,000 internationally produced weapons.
