## The Gun Digest Book of the 1911: A Complete Look at the Use, Care Repair of the 1911 Pistol, Vol. 2

Patrick Sweeney : The Gun Digest Book of the 1911: A Complete Look at the Use, Care Repair of the 1911 Pistol, Vol. 2 before purchasing it in order to gage whether or not it would be worth my time, and all praised The Gun Digest Book of the 1911: A Complete Look at the Use, Care Repair of the 1911 Pistol, Vol. 2:

0 of 0 people found the following review helpful. MehBy MPzMuch info already available online. Although updated, still seems outdated. If you're a hard core 1911 collector, I can't imagine this would provide additional insights.0 of 0 people found the following review helpful. A place in the library of every 1911 enthusiastBy Rob RidleyExcellent read. Comprehensive, well written and instructive. I've probably read a dozen or so books on the 1911and this is #1 on my list. Only gripe is that volume 1 is not available in digital version too1 of 1 people found the following review

helpful. The volume seems a bit dated and I was hoping ...By Andrew in OhioThe volume seems a bit dated and I was hoping for more thorough discussion of the use and care. If you can get this cheap perhaps worth it, otherwise opt for something else.

Handgun, self-defense and target-shooting enthusiasts gain valuable technical data and access to more than 350 detailed photos in this superior resource devoted to using, caring for and repairing 1911 pistols. In exhaustive detail, The Gun Digest Book of The 1911, Volume 2 gives shooting enthusiasts, military buffs and competition shooters expanded information for using and upgrading the 1911, including reviews of the latest models, new factory ammunition and test-fire evaluations for more than 20 additional pistols. This enhanced new volume also gives readers technical specifications including trigger pull, chamber depth and weight for this new collection of pistols. This second volume completes the story of the 1911 for anyone interested in customizing the classic John Browning design. -350 detailed photos for easy identification -Performance reviews for 20+ additional pistols give enthusiasts valuable field data -Technical specifications for each model aid in customizing efforts
