The History and Art of Googlies

Anita Ladensack : The History and Art of Googlies before purchasing it in order to gage whether or not it would be worth my time, and all praised The History and Art of Googlies:

0 of 0 people found the following review helpful. Book filled with high quality photographs and has a brief ...By RobynBook filled with high quality photographs and has a brief history of each doll company but not a lot of detail or factual information about the dolls featured in the book. Not ideal if you are after a reference book.1 of 1 people found the following review helpful. YES!By MikeyTHAT SWEET LITTLE GOOGLY DOLL. THIS BOOK IS A MUST FOR ALL DOLL COLLECTORS WHO LIKE NICE THINGS. VERY INFORMATIVE.0 of 0 people found the following review helpful. Five StarsBy Marilyn LehtoGreat book

The impish face with big side glancing eyes beguiles many doll collectors and antiques aficionados. Author Anita Ladensack has researched an in-depth history of the Googly dolls crafting a handsome book with nearly 324 color photographs. Marvel at the bevy of examples from the master European doll makers of googly-eyed dolls: Kestner,

Gebruder and Ernst Heubach, Armand Marseille, Max Handwerck, Kammer Reinhardt, Hertel Schwab Hermann Steiner, Goebel, all-bisque and many more. Also examples of French, Italian and English-connected Googlies appear in photographs. The exaggerated eyes were meant to reflect the wide-eyed wonderment of a child. If you love antique dolls you will need this book that lovingly chronicles the googly-eyed dolls. 324 color photos.
