The History of Winchester Firearms 1866-1992

From Brand: Winchester Pr : The History of Winchester Firearms 1866-1992 before purchasing it in order to gage whether or not it would be worth my time, and all praised The History of Winchester Firearms 1866-1992:

0 of 0 people found the following review helpful. Essential for those western historiansBy papa8Great book! I have learned a lot from reading this book about the history of Winchester firearms. Including that a family relative was a significant part of western history in establishing the original Smith Wesson firearms company...0 of 0 people found the following review helpful. Five StarsBy CustomerFather in law really liked it.0 of 0 people found the following review helpful. I enjoy reading about yesteryear and guns were very much a ...By Robert H BeanI enjoy reading about yesteryear and guns were very much a part of way back then. This is a good book to fill in my collection of guns and reading material. Done well.

This classic-revised and completely updated through 1992- is the standard reference for all collectors and other seeking the facts about any Winchester firearm, old or new. This profusely illustrated volume describes and provides specifications for all the Winchesters, from the Kings Improvement Patent of 1866 to the latest commemoratives. Background information on design, manufacture, history, and use is also provided. Serial number listings of some of the most famous Winchesters of all, including the Model 94, will help gun owners and collectors determine the age of their firearms. The sixth edition includes updated sections on: The museum New letter on services and prices Model 101 O/U Rifle and O/U Rifle Shotgun models 15 new commemorative models Section on Winchester Firearms manufactured by US Repeating Arms Model 94
