BHULA Thank you for the perfect trade - Happy to trade again .Apologies for the lateness in posting this Review .0 of 0 people found the following review helpful. Marginal at BestBy Steve Thomas These books are of extremely marginal value. There is much better info available online, as well as the Luis Rey book that is the real reference source.1 of 1 people found the following review helpful. For the hardcore Led Zeppelin collector onlyBy BrandtArt This is a book devoted entirely to the collecting of Led Zeppelin non-commercially available recordings (Yes, the infamous bootleg of lore!) and that's pretty much it. Well researched, but listing only CD bootlegs and no vinyl recordings, this is a book for the hardcore Zeppelin collector only. My copy featured a CD that had a interesting interview with the group's guitarist, Jimmy Page, I'd never heard and my being a hardcore collector and fan I thoroughly enjoyed this book.

The sixth edition of this unique guide that has been praised by music critics and collectors alike since its first release in 1984

About the Author Robert Godwin is the founder of Collector's Guide Publishing and a former producer and manager of rock music for Musicland Studios, Sunset Records, and United Western. He is the author of Led Zeppelin and The Making of Led Zeppelin IV.
