the amount of detail on the pages. This is a very simply book.

Written by military experts, this essential visual reference guide is for anyone interested in the history of small arms, gun manufacture and conflicts of war. Illustrated with 180 photographs and diagrams, it features the arms that have shaped the conflicts of the last 150 years, with analysis and descriptions.

About the Author Will Fowler served for 30 years in the British Territorial Army and has written many books on military technology and conflicts from the 1800s to the Second Gulf War. Anthony North has worked for many years at the Victoria Albert Museum in London, giving him a wide knowledge of public and private collections of firearms. Charles Stronge served for six years in the British TA and writes on politics, international affairs and military history. He also worked as an Editor for Jane's Information Group.
