The Kennedy World in Medallic Art: John F. Kennedy and His Family in Medals, Coins, Tokens, and Other Collectibles

William Rice : The Kennedy World in Medallic Art: John F. Kennedy and His Family in Medals, Coins, Tokens, and Other Collectibles before purchasing it in order to gage whether or not it would be worth my time, and all praised The Kennedy World in Medallic Art: John F. Kennedy and His Family in Medals, Coins, Tokens, and Other Collectibles:

0 of 0 people found the following review helpful. KENNEDY WORLD IN MEDALLIC ART IS EXCELLENTBy JRWThis is an excellent research source for medals bearing the likeness of President Kennedy. There are pictures and descriptions of many, many medals, but I believe anyone who is interested in JFK, even if they are not into medals, would enjoy this book. It is loaded with information which I found most interesting. I highly recommend William Rice's book.0 of 0 people found the following review helpful. A must have book for JFK collectors.By charleyA MOST comprehensive collection. After a long time search for a picture information on a medal I own this book produce the only source I have been able to find!0 of 0 people found the following review helpful. It is a beautiful book for my husband as he is a avid ...By Shaun R. MollIt is a beautiful book for my husband as he is a avid coin collector. I know he will love it!!

Kennedy historian William Rice picks up the torch where researchers like Aubrey Mayhew and the great Edward C.

Rochette left off in the 1960s, shining new light on the life of President John F. Kennedy. He explores the Kennedy family; JFK's boyhood; his military service and early political career; his inauguration and presidency; Jacqueline and the children; life in the White House; the president's assassination; and the world's mourning and remembrance. The story is told through touching and insightful essays illustrated by hundreds of coins, medals, tokens, stamps, and other collectible memorabilia - some popular, like the silver 1964 Kennedy half dollar, others rare and seldom seen. Special sections discuss subjects like satirical and critical pieces; Robert F. Kennedy and Teddy Kennedy; the Peace Corps; and paper currency issued during the Kennedy administration. In addition to colorful historical images and narrative, the book's scholarly appeal is expanded by a foreword by Dr. Gerald J. Steinberg, appendices, notes, a glossary, bibliography and full index. Collectors will benefit from the catalog numbering system and market prices in various grades.
