The Kremlin and Red Square: Moscow in Old Postcards 18951917

Magma : The Kremlin and Red Square: Moscow in Old Postcards 18951917 before purchasing it in order to gage whether or not it would be worth my time, and all praised The Kremlin and Red Square: Moscow in Old Postcards 18951917:

The Kremlin and Red Square were undoubtedly the most popular landmarks depicted in old postcards of Moscow. Today, modern readers and collectors may find it astonishing how precise and full of detail these old postcards were.

They offer a glimpse not just of a popular tourist site, but of a whole era in time, complete with ceremonies, personalities, situations, and events from a bygone era. Better than some history books and academic studies, this popular folk art depicts the feel of daily life in old Russia.
