My Mom has this bookBy ShannonI grew up with this book and I adore it. I've yet to find anything even CLOSE to this book- it's amazing.There are clear line drawings, four to a page, for each fashion cycle- sometimes as little as 5 years, sometimes a thousand years apart. The shifts and transformation in styles are made clear, and the notes about what colors, fabrics, and cuts were popular are amazing.This is THE ULTIMATE guide to historical fashion and if it's not reprinted, it's a damn shame.
