Indian Artifacts BookBy phGreat book - very informative lots of color photos. I've been looking for more info on the beaded whimsies that I collect this was very useful.

A wonderful array of authentic Indian-made items of both old and new vintage is showcased in this engaging book. Nearly 800 color photos present clothing and accessories for men and women, basketry, pottery, musical instruments,

toys and games, textiles, beadwork, and Improved Order of Red Men collectibles. An informative bead glossary also describes bead styles, colors, and sizes. All items are accompanied by detailed descriptions, dates, construction information, and current pricing that will be used many times over by sellers and collectors alike.
