(Download) The New World of Russian Small Arms and Ammo

## **The New World of Russian Small Arms and Ammo**

**Charlie Cutshaw : The New World of Russian Small Arms and Ammo** before purchasing it in order to gage whether or not it would be worth my time, and all praised The New World of Russian Small Arms and Ammo:

Under Soviet rule, Russian small arms designers developed some of the most innovative small arms and ammo in history: underwater weapons; weapons that used silent ammo; whole families of rifles, pistols, shotguns and grenade launchers of truly advanced design favored by SPETsNAZ and the revolutionary new AN-94 assault rifle that is destined to replace the AK-74. This book contains detailed descriptions, specs and illustrations of the AN-94, PSS silent pistol, Bizon SMG, Saiga-12 tactical shotgun, GP-25 grenade launcher and more.
