1 of 1 people found the following review helpful. Great book for any coin collector
By M. Oberlander
I have ordered this guide every year for the last three years. The new guide for next year usually is released at the end of June and I always order it within days of its release. It has been useful in dealing with coin vendors who have overpriced coins I wanted to purchase but I could look them up and know I was not being offered a fair price.

By Randall Deason
If you want to know the true value of coins then this is the only book you will ever need. For the beginner and the oldtimer alike

This guide lists every U.S. coin ever minted and more than 18,000 coin prices. An essential guide for collectors, it also features: Extensive information on buying and selling coins at auction, coins shows, online, and through the mail A full explanation of the American Numismatic Associations official grading system A fast-find coin index for easy coin identification, as well as hundreds of coin photographs
