Really, they had it up for 50 cents and I paid a stupid amount. Don't buy from them.1 of 1 people found the following review helpful. Disappointed with lack of detailBy DoloresI was disappointed in the quality of the images. I bought it to help me identify and compare details on my paper money with those in the book. I immediately returned the book. I think if the type of paper was upgraded to glossy the book would be more useful.0 of 0 people found the following review helpful.
